## Education

---

<i>Expected May 2027</i>	Ph.D., Law & Psychology Arizona State University, AZ
2022	Masters of Science in Criminology & Criminal Justice Arizona State University, AZ Thesis title: Exploring Incentives and Juveniles' Probation Compliance Thesis Chair: Dr. Adam Fine
2018	Bachelors of Science in Psychological Science Northern Arizona University, AZ
2018	Bachelors of Science in Criminology and Criminal Justice Northern Arizona University, AZ
2014	Associate of Arts in Criminal Justice Chandler-Gilbert Community College, AZ

## Experience

---

2021-Present	Graduate Research Assistant <i>The Youth Justice Lab</i> (P.I. Adam Fine, PhD) Arizona State University  Journey.Do Co-project managed the Journey.do internship, that supports justice-involved youth who are growing protective factors based on their experiences and their environmental context. Trained Journey.do interns to give strength-based and trauma-informed feedback to youth to encourage their growth. Collaborated on the creation of survey instruments for youth to collect data and assess youth perceptions of growth and outcomes post-justice involvement. Developed code to process and clean the data into an importable and useable format. Provided mentorship to Journey.do interns regarding giving feedback to justice-involved youth and reporting sensitive information to appropriate juvenile justice agencies.  Family Youth Engagement Project Supported the Family Youth Engagement (FYE) project, that uses surveys to understand the experiences of Arizona youth on juvenile probation and their parents to identify feelings of engagement and opportunities to improve. Revised
--------------	---

and created code in STATA for the FYE project to reshape, match, and merge longitudinal data from 16 different surveys focused on parent and youth perceptions within two Arizona counties. Developed code to produce quarterly technical reports that highlighted the experience of families within probation accessibility, service accessibility, perceptions of monitoring, and other domains. Provided mentorship to juvenile probation interns regarding building professional relationships, understanding and presenting statistical findings, and presenting to local probation agencies. Presented quarterly reports to local probation agencies and discussed implications for future projects and areas of improvement.

2022-2023 Customer Success Specialist

*Lifelab Studios LLC*

Training juvenile detention, probation, and diversion agencies to implement single-session interventions (SSI) for justice-involved youth to promote positive youth outcomes within multiple states and jurisdictions. Producing monthly reports to each jurisdiction to summarize program implementation, SSI usage metrics, and discussing future development. Leading qualitative focus groups and interviews with justice-involved youth on program perceptions and feedback. Facilitating qualitative focus groups with juvenile detention officers on perceptions on the implementation of SSIs to better reduce barriers juvenile detention officers or justice-involved youth could experience and evaluate current procedures. Developing quantitative instruments to assess the effect of SSIs on justice-involved youths' abilities to grow protective factors across multiple states, and substance use awareness and skills among Arizona residents.

2020-2022 Graduate Research Assistant

*Dr. Kristy Holtfreter*

Identified and compiled over 1000 peer-reviewed articles for content analysis on different dimensions of research ethics and integrity to be used in the creation of a graduate college course of research ethics and integrity. Analyzed content of articles to assess current literature for best practices related to proper research conduct and landscape analysis of current research conduct courses offered at Arizona State University.

Graduate Research Assistant

*Dr. William Terrill*

Evaluated data systems for an Arizona police department and their current and future methods of reporting use of force information to the public. Conducted interviews with an Arizona police agency's taskforce to capture beliefs regarding how they determine safety and risk across based on aspects of the suspect and their environment.

Graduate Research Assistant

*Dr. Xia Wang*

Identified and compiled over 350+ peer-reviewed articles for meta-analysis on race and ethnic context and how it influences social control within the United

States. Assisted with refining results to ensure proper articles are identified for coding. Coded articles to include in meta-analysis based on methodology and key variables. Supported other academic projects and assisted with gradating various courses.

## Mentorship

---

### Journey.Do Project Mentor

2023 Journey Project Data Management Mentor  
Lane Eggers  
Sophia Marturano

2023 Journey Project Internship Mentor/Trainer  
Erin Allen  
Britney Bevans  
Maddi Briguglio  
McKenna Diebitsch  
Lane Eggers  
Dajah Grant  
Avani Maddipatla  
Sophia Maturano  
Heather McDermott  
Cyncere Penn  
Santiago Pesqueira  
Saydia Phillips  
Priscilla Savala  
Yaritzi Sicarios  
Mercedes Tang  
Caitlin Taylor  
Brittany Vasquez  
Cecily Vasquez

### Undergraduate Research Program Mentor

2023 Undergraduate Research Program Mentor  
Mentor to Heather McDermott  
Project Title: *Addressing Romantic Relationships in At-Risk Youth*

- 2023 Undergraduate Research Program Mentor  
Mentor to Avani Maddipatla  
Project Title: *How Youths Reflect on Impulse Control*
- 2023 Undergraduate Research Program Mentor  
Mentor to McKenna Diebitsch  
Project Title: *Examining Stress and Anxiety Reduction in a Sample of Incarcerated Youth Through the Journey.do Platform*
- 2023 Undergraduate Research Program Mentor  
Mentor to Saydia Phillips  
Project Title: *Youths' Identified Risk and Protective Factors*

## Teaching Assistant Experience

---

- 2020 - 2021 Arizona State University  
CRJ 302 Research Methods (Online/In-Person)  
CRJ 303 Statistical Analysis (Online/In-Person)  
CRJ 408 Drugs and Crime (Online/In-Person)  
CRJ 434 Drugs of Abuse (Online/In-Person)  
CRJ 511 Applied Data Analysis in Criminology (Online)

## Service

---

- 2021-Present Member/Mentor in the Youth Justice Laboratory  
Assisting undergraduate and graduate students with understanding and interpreting research and statistics. Supporting undergraduate students in the field of constructing technical reports, presenting findings to official agencies, and developing professional relationships.
- 2020-2022 Graduate Student Committee Member  
Arizona State University School of Criminology and Criminal Justice

## Professional Development

---

- 2023 Research Workflows  
Statistics, Interpretation, Methods, and Data Workshop  
Instructed by Dr. Shi Yan, coordinated by Dr. Danielle Wallace
- 2023 Colloquium with Dr. Leonard Mukosi "Foregrounding Community-Based Restorative and Healing Traditions: Pathways to an 'Indigenous Criminology'"
- 2021 PhD Application Materials Workshop  
Coordinated and conducted by Kelsey Tom
- 2021 Stata Boot Camp  
Instructed by Dr. Danielle Wallace

- 2021      “Facing the Crises: Mutual Aid for Survival and Mobilization”  
Diverse Perspectives on Justice Speaker Series  
Presented by Dr. Dean Spade
- 2021      A Conversation on Decolonizing Curriculum in Academia  
Presented by Dr. Zoe Spencer, Dr. Viviana Saleh-Hanna, Dr. Chenelle Jones, and  
Dr. Matt Matera, moderated by Dr. Sean Wilson
- 2021      “Social Change and Age-Crime Trajectories in Taiwan and the U.S.: An Age-  
Period-Cohort-Interaction Approach”  
Diverse Perspectives on Justice Speaker Series  
Presented by Dr. Yunmei Lu
- 2021      Colloquium with Dr. Jon Gound: “What we know – and do not – about the  
insidious effects of Brady violations”
- 2020      Introduction to R Workshop  
Instructed by Dr. Jacob Young
