SELECT ADMINISTRATIVE AND PROFESSIONAL EXPERIENCE

July 2025-present Watts Endowed Director, School of Community Resources and Development, Arizona State University, Phoenix, AZ

Serve as the chief academic and administrative officer for the School of Community Resources and Development (SCRD) within Watts College of Public Service and Community Solutions. Responsible for strategic leadership, faculty development, and academic innovation across undergraduate, master's, and doctoral programs in tourism development, nonprofit leadership, parks and recreation, and community sports management. Oversee faculty recruitment, promotion, and tenure processes; support externally funded research initiatives; and manage fiscal operations aligned with principles of transparency and shared governance. Guide the school's national and global engagement, including ASU's signature international partnership with Hainan University in

China. Foster interdisciplinary collaboration, community partnerships, and inclusive excellence to advance SCRD's mission of promoting healthy, resilient, and sustainable communities.

July 2021-present Associate Dean, Director, of Hainan-ASU International College (HAIC), Watts College of Public Service and Community Solutions, Arizona State University, Phoenix, AZ

Provide strategic leadership and operational oversight for ASU's international joint college with Hainan University, delivering globally focused programs in tourism, parks and recreation, and public administration. Serve as the principal liaison between ASU and HNU, ensuring academic quality, institutional alignment, and adherence to regulatory and accreditation standards. Lead the development and implementation of academic programs, faculty collaboration, and interdisciplinary research initiatives. Oversee student recruitment, retention, and academic success strategies for both domestic and international cohorts. Guide financial and resource management to support institutional growth and sustainability, while advancing the college's strategic plan. Actively foster external partnerships with government, industry, and international organizations to expand research, internship, and career opportunities. Represent HAIC in global academic forums, enhancing its visibility and reinforcing its role in international education and sustainable development.
