

AMBER.BROOKS-GUMBERT@ASU.EDU

AMBER BROOKS - GUMBERT, MMS, PA - C

EDUCATION

2003-2005 Midwestern University, Glendale, Arizona

Master of Medical Science in Physician Assistant Studies

Clinical Emphasis in Internal Medicine

1996-2001 University of Nevada, Reno

Bachelor of Science in Health Science

PROFESSIONAL EXPERIENCE

Arizona State University, 2022 – Present, Phoenix, Arizona

Program Director, Science of Health Care Delivery and International Health Management Masters Programs

Oversee and coordinate all aspects of the graduate programs of Science of Health Care Delivery and International Health Management, including curricular development and implementation, administrative and financial management. Collaborate with other programs within CHS and the university to coordinate relevant health care curriculum. Coordinate with University of New South Wales within the ASU PLuS Alliance to maintain the International Health Management program. Work with faculty to maintain program curriculum to reflect current health care issues and a strong focus on evidence-based and system-based practices for both Science of Health Care Delivery and International Health Management programs. Maintain programs with course work in quality improvement, patient safety and leadership. Continually assess the programs throughout delivery to ensure a successful learning experience for the students with associated assessment reporting to the university.

Arizona State University, 2022 – Present, Phoenix, Arizona

Assistant Clinical Professor, College of Health Solutions

Lecture to graduate and undergraduate students in the College of Health Solutions. Serve as Instructor of Record and oversee and coordinate all aspects of curriculum for MED 445 (Prevention & Management of Chronic Diseases), HSC 310 (Health Communication), HCD 575 (Leadership & Professionalism), and HCD 502 (Health Care Systems and Design). Significant redesign of HCD 575 course which is part of Science of Health Care Delivery curriculum. Instruct in-person teaching and via online formats. Mentor undergraduate and graduate students in scholarly projects and career development. Serve on interdepartmental and college committees including strategic initiatives (co-chair), scholarship (chair), curriculum, admission committees, CHS pre-health advisory board (see below) and serve as Accreditation Specialist for Clinical Postgraduate Programs for ARC-PA.

Mayo Clinic Hospital, 2021 – 2022, Phoenix, Arizona

Plastic & Reconstructive Surgery and Advanced Wound Care Physician Assistant

Care for a wide range of medical conditions that include diabetic foot ulcers, venous and arterial wounds, pressure injuries and pre/post-surgical wound care. Care regularly includes oncology patients and those with organ transplants and stem cell transplants. Manage my own set of patients as well as work collaboratively with plastic surgeons to ensure wound contraction with standard wound therapies or offer surgical wound closure and advanced wound dressings. Also maintain close communication with other subspecialty services, care management, nursing staff, and outside providers. In addition to clinical duties collaborate with clinical and administrative interdisciplinary teams for Wound Care Conference Workgroup to improve wound outcomes.

Northern Arizona University, 2018 – 2021, Phoenix, Arizona

Assistant Clinical Professor

Lecture to physician assistant students in the College of Health and Human Services. Serve as Instructor of Record and oversee and coordinate all aspects of curriculum for Foundations I, Foundations II and Clinical Disciplines II, which include basic sciences, select medical topics and public health. Complete redesign and development of Clinical Disciplines II course which is core course for PA curriculum. Lecture on various topics that include microbiology, genetics, immunology, cardiology, pulmonology, neurology, diagnostics, nephrology, infectious disease, diabetes, hematology, pediatrics and gerontology with integration of system-base core competencies imbedded throughout clinical course work. Instruct in-person teaching and via online formats, which include live sessions using Zoom and recorded sessions for students to view later using Kaltura. Mentor graduate PA students in scholarly research projects and career development. Mentor graduate PA students in scholarly research projects as part of Rural Health Professions Program, which includes community stakeholder partnerships. Serve on interdepartmental and college committees including curriculum and admission committees (see below) and Accreditation Specialist for Clinical Postgraduate Programs for ARC-PA.

Mayo Clinic Hospital, 2015 – 2018, Phoenix, Arizona

Program Director, Mayo Clinic Postgraduate Physician Assistant Fellowship in Hospital Internal Medicine (Arizona)

Oversee and coordinate all aspects (curricular development and implementation, administrative and financial management) of the twelve-month postgraduate training program focused on training highly qualified physician assistants to become skilled, compassionate and efficient hospital-based physician assistants with tracks in hospital medicine, hematology/oncology and critical care medicine. Coordinate and lead diverse didactic and direct patient care experience during the program. Collaborate with other clinical specialties to coordinate clinical rotations. Maintain curriculum to reflect current practice guidelines and a strong focus on practicing evidence-based medicine and system-based practice. Develop course work in quality improvement, patient safety and leadership. Assess the fellows throughout the duration of the program to ensure a successful learning experience. Mentor PA fellows in scholarly research projects and career development. Served as Assistant Program Director from 2007 – 2011.

Mayo Clinic Hospital, 2005 – 2018, Phoenix, Arizona

Hospital Internal Medicine Physician Assistant

Care for a wide range of medical conditions that include sepsis and management of critically ill patients. Care regularly includes oncology patients, and those with organ transplants and stem cell transplants. Often manage central lines and various drips. Duties include hospital admissions, consultations, pre-operative evaluations, daily rounding, transfers, and discharges. Work collaboratively with hospitalist physicians as well as maintain close communication with other subspecialty services, care management, nursing staff, and outside providers. In addition to clinical duties collaborate with various of interdisciplinary teams on healthcare delivery processes.

Arizona State University, 2015 – 2022, Phoenix, Arizona

Adjunct Faculty

Lecture to students in the College of Health Solutions in the Science of Health Care Delivery program.

Midwestern University, 2005 – Present, Glendale, Arizona

Adjunct Faculty

Lecture to physician assistant students on multiple topics such as diabetes and heart disease. Preceptor for dozens of student rotations in hospital internal medicine. Facilitated a simulation course and led debriefing sessions for second-year physician assistant students to prepare them for hospital-based rotations.

Assistant Program Director for Mayo Clinic Arizona Postgraduate Physician Assistant Fellowship in Hospital Internal Medicine, 2007 to 2011, Advisory Committee Member, 2007 to 2018

Mayo Clinic Physician Assistant and Nurse Practitioner Society Committee Member, Member at Large (elected position) 2006-2008, Member 2005 to 2018

ACADEMIC ACTIVITIES

“Geriatric Prevention”

Northern Arizona University, Physician Assistant Program, May 2023 (invited)

“Geriatric Introduction”

Northern Arizona University, Physician Assistant Program, May 2023 (invited)

“Y’all Gonna Make Me Lose My Mind: How to Approach Delirium in the Hospitalized Patient”

2021 Adult Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2021 (invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2021 (invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2020 (invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2019 (invited)

“Management of Hypertensive Urgency and Emergency”

ASAPA Spring CME Conference, March 2019 (invited)

“No One Left Behind: Identifying and Managing the Struggling Learner”

2019 Advanced Practice Provider Fellowship Workshop: Launching and Refining Your Programs
CME Conference, Sponsored by APPAP/APGAP, January 2019 (invited)

“Predicting the Storm: A Closer Look at SIRS & Sepsis”

University of Nevada, Reno, Physician Assistant Program, January 2019 (invited)

“Management of Hypertensive Urgency and Emergency”

University of Nevada, Reno, Physician Assistant Program, January 2019 (invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2018 (invited)

Small Group Building Session Facilitator, AAPA Center for Healthcare leadership and Management
(CHLM) Executive Leadership Conference, November 2017 (invited)

“Altered Mental Status in the Hospitalized Patient”

Ninth Annual Adult Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2017
(invited)

“Management of the Hospitalized Hem/Onc Patient”

Ninth Annual Adult Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2017
(invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2017 (invited)

“Common Hospital Medicine Liver Cases”

Eighth Annual Adult Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2016 (invited)

“New Treatment Strategies for an Old Problem: Management of Hypertensive Urgency and Emergency”

Eighth Annual Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2016 (invited)

“An Introduction to Chronic Diseases”

Arizona State University College of Health Solutions, Science of Health Care Delivery program, September 2016 (invited)

“When Two Worlds Collide: Neurosurgery and Hospital Medicine, A Team-based Approach to Patient Care”

AAPA National CME Conference, May 2016

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2016 (invited)

“New Treatment Strategies for an Old Problem: Management of Hypertensive Urgency and Emergency”

Seventh Annual Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2015 (invited)

“Common Hospital Medicine Liver Cases”

Seventh Annual Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2015 (invited)

“An Introduction to Chronic Diseases”

Arizona State University College of Health Solutions, Science of Health Care Delivery program, September 2015 (invited)

“Ischemic Heart Disease Update”

Midwestern University, PANCE Review Course for CME, Spring 2015 (invited)

“On the Night Shift: Common Calls for the PA in Hospital Medicine”

AAPA National CME Conference, May 2015

“Common Hospital Medicine Liver Cases”

AAPA National CME Conference, May 2015

“New Treatment Strategies for an Old Problem: Management of Hypertensive Urgency and Emergency”

Sixth Annual Hospital Medicine Boot Camp, SHM/AAPA CME Conference, October 2014 (invited)

“Common Hospital Medicine Liver Cases”
