

Victor Benjamin

Department of Information Systems
W.P. Carey School of Business
Arizona State University
Tempe, Arizona 85287

Co-director of Actionable Analytics Lab
E-mail: Victor.Benjamin@asu.edu

RESEARCH APPOINTMENTS

- 2024 - Research Affiliate**
Mayo Clinic
- 2017 - Co-Director**
Actionable Analytics Lab
Arizona State University
- 2016 - Assistant Professor**
Arizona State University
W.P. Carey School of Business
Department of Information Systems

EDUCATION

- Ph.D.** Eller College of Management, University of Arizona 2016
Major: Management Information Systems
Minor: Linguistics
- M.S.** Eller College of Management, University of Arizona 2012
Management Information Systems
- B.S.** Eller College of Management, University of Arizona 2011
Management Information Systems, with Honors

RESEARCH INTERESTS

Methodology: Web Mining, Natural Language Processing, Machine Learning
Applications: Cybersecurity, Security Informatics, Social Media Analytics, Robotics

REFEREED JOURNAL ARTICLES

Benjamin, V. (2024). Considering Socially Scalable Human-Robot Interfaces. *ACM Transactions on Management Information Systems*.

Ogbanufe, O., Benjamin, V., & Kim, D. (2024). Adversarial Knowledge-Sharing in a Coopetitive Environment: A Darknet Hacker Context. *European Journal of Information Systems*. 1-17.

Benjamin, V., & Raghu, T. S. (2023). Augmenting social bot detection with crowd-generated labels. *Information Systems Research*, 34(2), 487-507.

Benjamin, V. & Chen, H. (2012). Securing cyberspace: Identifying key actors in hacker communities. *IEEE Intelligence and Security Informatics*. 24-29.

EXTERNAL FUNDING

Adidas, \$100,000, “Product Opportunities with Geospatial Analytics”, 2024

NSF Division of Computer and Network Systems Subaward #2133980 (Pass-through entity: University of San Antonio), \$14,140, “Secure Knowledge Management Workshop”, 2023.

Adidas, \$100,000, “Social Media Analytics for adidas,” 2018 – 2019.

Adidas, \$200,000, “Analytics of Retail & Adidas.com Customer and Sales Data,” 2017 – 2018.

BOOK CHAPTERS

Samtani, S, Abate, M., Benjamin, V., & Li, W. (2020). “Cybersecurity as an Industry: A Cyber-Threat Intelligence Perspective”. *Palgrave Handbook of International Cybercrime and Cyberdeviance*.

† Lead author conceptualized idea, collected data, ran data analysis, and wrote the manuscript. Second author provided a literature review. Third and fourth . Third and author provided overall guidance and conceptualization.

Benjamin, V., Samtani, S., & Chen, H. (2017). “Exploring the Hacker Web: A Computational Approach” *Cybercrime Through an Interdisciplinary Lens*. Routledge Press. 56-75.

† Lead author conceptualized idea, collected data, ran data analysis, and wrote the manuscript. Second author helped revise writing. Third author provided overall guidance and conceptualization.

TECHNICAL REPORTS\WHITE PAPERS

Zac, R., Benjamin, V., Gopalkrishnan, M., & Choi, T. (2018). Cybersecurity in Supply Chains. *CAPS Research*.

† All authors contributed to idea conceptualization. Second and third author conducted several industry interviews to collect data. Lead author collected data on real-world cyberattacks and attack archetypes. Lead author took primary role on report writing, while second and third author also contributed. Fourth author provided overall project support and guidance.

NEWSPAPER OP-EDS

Benjamin, V., (March, 2021). Divisive, demoralizing bots are winning, so big tech needs to think bigger. *Boston Globe*. <https://www.bostonglobe.com/2021/03/21/opinion/divisive-demoralizing-bots-are-winning-so-big-tech-needs-think-bigger/>

INVITED TALKS

2022 Arizona State University Research Computing Expo
August 18, 2024

Victor Benjamin

2022	Arizona State University Human Systems Engineering
2021	Information Systems Virtual Consortium (Hosted by Indiana University)
2019	Michigan State University Interdisciplinary Conference on Cybersecurity
2017	Invited as panelist for Women in Cybersecurity (WiCyS) Conference
2016	Arizona State University

AWARDS\HONORS

August 18, 2024

Victor Benjamin

IEEE *Intelligent Transportation Systems Society* (ITSS) Research Award in Intelligence and Security Informatics, 2021

Dean's List for Teaching Impact, 2020-2021

Dean's Excellence in Research Summer Grant, ASU W.P.Carey, 2020

ASU Department of Information Systems Graduate Teaching Award, 2019

Founding Member of the DARPA Polyplexus Program, 2018

Most Impactful Information Management Professor, ASU W.P. Carey Full-time MBA, 2018

Best Paper Runner-up, IEEE Conference on Intelligence and Security Informatics, 2015

University of Arizona Paul S. and Shirley Goodman Award, 2015

Best Paper Runner-up, IEEE Conference on Intelligence and Security Informatics, 2013

TEACHING EXPERIENCE (Lifetime Course Evaluation Rating: 6.0+/7)

2023 – Spring	CIS 503 – Decision Making w/ Data Analytics (MBA) Arizona State University Enrollment: 75 Graduate Students (2 sections)
	CIS 591 – Big Data Analytics Arizona State University Enrollment: 53 Graduate Students
2022 – Spring	CIS 591 – Big Data Analytics Arizona State University Enrollment: 37 Graduate Students
	CIS 593 – Applied Projects (2 sections) Arizona State University Enrollment: 129 Graduate Students
	CIS 590 – Reading and Conference Arizona State University Enrollment: 19 Graduate Students
2021 – Spring	CIS 509 – Data Mining II (3 Sections) Arizona State University Enrollment: 110 students
2020 – Spring	CIS 591 – Information Enabled business Modeling Arizona State University Enrollment: 49 Graduate Students

August 18, 2024

Victor Benjamin

2019 – Fall	CIS 503 – Decision Making with Data Analytics (MBA) Arizona State University Enrollment: 48 Graduate Students
	CIS 509 – Data Mining II (Online) Arizona State University Enrollment: 26 Graduate Students
2018 – Spring	CIS 591 – Information Enabled Business Models (Online) Arizona State University Enrollment: 50 Graduate Students
	CIS 593 – Applied Project Arizona State University Enrollment: 23 Graduate Students
2017 - Fall	CIS 591 – Information Enabled Business Models (Online) Arizona State University Enrollment: 23 Graduate Students
2017 - Summer	CIS 591 – Information Enabled Business Models (Online) Arizona State University Enrollment: 42 Graduate Students
2017 - Spring	CIS 591 – Information Enabled Business Models Arizona State University Enrollment: 53 Graduate Students
2016 - Fall	CIS 591 – Information Enabled Business Models (Online) Arizona State University Enrollment: 25 Graduate Students
2014 - Summer	MIS 111 – Computers and the Interneted Society University of Arizona Enrollment: 25 Undergraduate Students

Ph.D. Dissertation Committees

- Zhibo Sun, Spring 2021 - Committee Member
- Xueyan Yin, Spring 2020 – Committee Member

Undergraduate Honors Theses at ASU Barrett Honors College:

- Vijval Rajan, 2024, TBD
- Henry O’Scaannlain-Miller, 2022, “*FuseApply: Reducing Friction in Online Job Applications*”
- Courtney Dozier, 2022, “*Examining Descriptiveness of Narratives Generated using Planning and LLMs*”
- Sai Jegadesan, 2021, “*Building an optimized NBA Team Composition: A Sports Analytical Approach*”
- Kylel Scott, 2020, “*The Investigation of Low Cost Computer Vision Application for First Responder Co-robotics*”
- Lun Sai, 2019, “*Video Bot Detection – A Deep Learning Based Framework*”

August 18, 2024

Victor Benjamin

- Joshua Wilson, 2019, “*Farms of the Future: Food Security in a Changing World*”
- Andrew Stievater, 2019, “*A Review of Cybersecurity Standards for Businesses*”

SERVICE

Conference Chairs:

- IEEE Intelligence and Security Informatics, Conference Co-Chair (November, 2021)
- IEEE Intelligence and Security Informatics, Publication Co-Chair (November, 2020)
- IEEE International Conference on Data Mining (ICDM) Deep Learning for Cyber-threat Intelligence Workshop (November, 2020)

Program Chairs:

- INFORMS Workshop on Data Science, Program Co-Chair (October 2023)
- International Conference on Secure Knowledge Management, Program Chair (September 2023)

Area Editor:

- International Conference on Information Systems (ICIS) (2024)
- International Conference on Information Systems (ICIS) (2023)
- International Conference on Information Systems (ICIS) (2022)
- International Conference on Information Systems (ICIS) (2021)
- International Conference on Information Systems (ICIS) (2020)
- International Conference on Information Systems (ICIS) (2019)

Program Committees:

- Bright Internet Global Summit (BIGS) (2023)
- INFORMS Workshop on Data Science (October, 2023)
- Workshop on Information Technologies and Systems (WITS) (December, 2023)
- IEEE Intelligence and Security Informatics (2023)
- Bright Internet Global Summit (BIGS) (2022)
- INFORMS Workshop on Data Science (October, 2022)
- Workshop on Information Technologies and Systems (WITS) (December, 2022)
- INFORMS Workshop on Data Science (November, 2021)
- Bright Internet Global Summit (BIGS) (2021)
- Workshop on Information Technologies and Systems (WITS) (December, 2021)
- INFORMS Workshop on Data Science (November, 2020)
- Workshop on Information Technologies and Systems (WITS) (December, 2020)
- Design Science Research in Information Systems and Technology (June, 2019)
- INFORMS Workshop on Data Science (October, 2019)
- Workshop on Information Technologies and Systems (WITS) (December, 2019)
- INFORMS Workshop on Data Science (October, 2018)
- Workshop on Information Technologies and Systems (WITS) (December, 2018)
- IEEE Information Reuse and Integration for Data Science (IRI) (June, 2018)
- Pacific Conference on Information Systems (June, 2018)
- Workshop on Information Technologies and Systems (WITS) (December, 2017)
- INFORMS Conference on Data Science (October, 2017)

August 18, 2024

Victor Benjamin

- Secure Knowledge Management (SKM) Workshop (October, 2017)

Editorial Board member for the following publications:

- Journal of the Association for Information Systems, *Special Issue on Data Analytics for Social Good* (2020-2021)
- Information Systems Frontiers, *Special Issue on Digital Platforms and Ecosystems* (2020)
- Journal of Business Analytics (2018 -)

Invited Editor/Editorial Review Board for the following publications:

- Information Systems Frontiers (2024)
- Information Systems Research Special Issue on “Unleashing the Power of Information Technology for Strategic Management of Disasters” (2021)
- Information Systems Frontiers (2020)
- Information Systems Frontiers (2019)
- Information Systems Frontiers (2018)
- Journal of Security Informatics (2018)

Reviewer for the following publications:

- ACM Transactions on Management Information Systems
- American Behavioral Scientist
- Communications of the Association for Information Systems (CAIS)
- Communications of the International Information Management Association
- Cyber Defense Review
- Electronic Commerce Research and Applications
- Journal of the American Society for Information Science and Technology
- Journal of the Association for Information Systems
- Journal of Business Analytics
- Journal of Management Information Systems
- IEEE Intelligent Systems
- IEEE Transactions on Human-Machine Systems
- INFORMS Journal on Computing
- Information Systems Frontiers
- Information Systems Research (ISR)
- International Conference on Information Systems
- International Journal of Electronic Commerce
- Management Information Systems (MISQ)

PROFESSIONAL ASSOCIATIONS

- Association for Information Systems (AIS), Member.
- Institute for Operations Research and the Management Sciences (INFORMS), Member.
- INFORMS College of AI, Member
- The Institute of Electrical and Electronics Engineers (IEEE), Member.
- The Association of Computing Machinery (ACM), Member.
- Committee on National Security Systems (CNSS):
 - CNSS 4011 – Information Systems Security Professionals
 - CNSS 4012 – Senior Systems Managers
 - CNSS 4016 – Risk Analyst
