Exclusive-Update: June 28, 2024

Janet Planet cinematic universe was expanded on June 7 with the release of The Ballad of Songbirds and Snakes in theaters However not everyone wants to experience the intense emotions that come with high-stakes drama and romance in a public setting If you prefer the comfort of streaming and the possibility of shedding a tear in the privacy of your living room you may have to wait a bit longer The Ballad of Songbirds and Snakes is an adaptation of Suzanne Collins' novel of the same name which was published in 2020 The story focuses on Coriolanus Snow who eventually becomes President Snow and has a tumultuous relationship with Katniss Everdeen In this new adaptation Tom Blyth portrays a young Coriolanus while Rachel Zegler plays Lucy Gray Baird the erased District 12 victor of the 10th annual Hunger Games

Coriolanus is tasked with mentoring Lucy a responsibility for which he feels a sense of pride However Lucy's charm captivates the audience of Panem as she fights for her life and the well-being of her district They form an unconventional alliance that may even develop into an

unlikely romance But is their fate already sealed? Fans of the original Hunger Games trilogy know the answer but the journey towards that outcome is a thrilling adventure

The prequel film is distributed by Lionsgate and collides with Peacock a streaming service through a multiyear agreement as reported by Collider Consequently it is highly likely that the movie will be available for streaming on that platform upon its release The agreement is set to take effect in 2024 so keep an eye out for The Ballad of Songbirds and Snakes then
